

Year 2 News

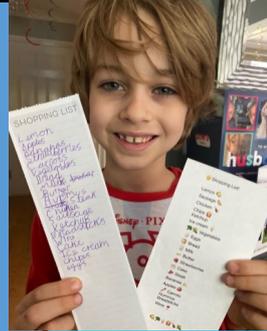

Hello to our Wonderful Year 2s

I hope you are all well! I have had lots of brilliant emails from you this week! It has been fantastic to hear all about everything you have been getting up to!

Some of what has been sent to me has been included in this weeks newsletter!

Mr Harley, Mrs Smith and the other adults from the Year 2 team!

James F - Well done for doing some different activities this week. You have been doing science experiments using kitchen roll and coloured pens to create rainbow patterns. You have also been thinking about the weather and then learning about how rainbows are made! I can see you have also been creating meal planners and shopping lists too and even finding time to do some baking.

Sophie - You have been practising your number bonds, which is fantastic to hear, and thank you for the next installment of your duck diary! The ducks are definitely looking bigger now!

Joanna - You look like you had a fun time picking your own strawberries to help your mum to make some strawberry jam! Sounds brilliant! I hope you didn't eat too many whilst you were picking them, that's what I always used to do when I went strawberry picking!

Cora - It sounds like you have also been very busy doing lots of reading, which is brilliant. You have also been trying to do some maths and writing too! I love your fantastic idea of playing scrabble to help you practise your spellings! It's also great to hear that you have been finding time to go outside, go to the beach, do some baking and lots of imaginative play - these are also important things to do at the moment!

Evie D - Your sunflower is looking amazing and it just keeps on growing! You have also been learning about the different food groups this week. You have also created your own recipe for a triple chocolate ice-cream sandwich, this sounds amazing!

Michael - I hear that you have been doing lots of reading and that you are especially enjoying the Harry Potter books at the moment, so well done. I also hear you have done some writing too. Keep up the good work.

Remember!

Keep emailing in - We do love hearing everything you have been doing whether it's work or just fun things!

Housepoints and star awards will be given!

Joke of the week! From Martha!

"Why was the mouse so obsessed with going in and out of the door?"

"Because it was a dormouse!"
