

# Antarctica Class Celebration

Keep up the fabulous learning at home!

Don't forget you can still achieve your times tables award even while you are at home so keep going for gold (or platinum.)

I am looking forward to seeing you at the FOND FAREWELL on Tuesday 14<sup>th</sup> July.

Mrs Wilson, Mrs Kurashina and Mrs Thwaites xxx

**William** has written a rhyming poem after watching The Lighthouse, read Matilda, made a timetable for the day in 24hr time, researched what creatures live in the different ocean layers and made a fact page. He has been doing maths mysteries and look at interpreting line graphs. He is also using his coding skills to build a submarine which moves autonomously. William celebrated his birthday on Saturday and helped prepare yummy party food and a chocolate orange hedgehog cake. He has also achieved his platinum times tables award-congratulations, William! Here he is wearing all of his badges.

**Seb** is a master baker-look at his latest creation! He also been doing wonderful art acrylics.

**Austin R** has completed a 10 Minute Challenge from the Authorfy Website. It was set by MG Leonard based on her book 'Tales of a Toothbrush'. He made his own plastic monster using junk from around the house. He is a friendly monster named Bob, because he floats!! He also designed a character based on Mr Penguin-very creative, Austin!

PIC-COLLAGE

**Freddie C** been learning to use long multiplication this week. He solved a murder mystery using clues which required him to use long multiplication. He was also inspired by the artist Andy Goldsworthy to create some natural art. Fantastic!

**Liliya** has been working with lots of Maths and English learning. She can now use analogue time –super! She also wrote an Under the Sea poem and an A-Z of things you might find under the sea, learning about the different oceans in the world and their location and designed her own submarine. She also ran her first 10k! She ran the "Totally Crush It" Virtual Runner UK race and received a medal for her achievement. The Totally Crush It Challenge donates to saving our ocean

life. She ran a further 12 miles in 3 runs for another challenge. What an amazing achievement!

**Libby** has worked her socks off this week. She has done Maths, English, Science, learnt about the location of the different oceans, written a book review on 'Unlikely Loves', made an ocean book mark with the different types of creatures on different layers, put the sea words into alphabetical order and explained their meaning, found sea words for each letter of the alphabet, written a poem called 'In my submarine' and made a submarine. Super!

**Katie** has been doing lots of reading, made an Eric Carle inspired butterfly collage, written an Under-the-sea A-Z and a beach poem, an acrostic Poem called 'PICNIC' and Maths Mystery work. She has also written pet care instructions for her cat Willow and taken part in Sports Day. Brilliant!

**Isla** has had a lovely week celebrating her birthday. She has also looked at the oceans and sea creatures and found them on a world map, been doing lots of spellings practice and finding some new words. She received lots of new books for her birthday so she will be very busy reading over the summer!

**A huge well done to all of you who took part in Virtual Sports Day!**

**Certificates will be awarded to you next week.**
